

Canarsie Resilience Planning Meeting I

Community Resilience Collaborative Session

Wednesday, November 20st 2013 6:00 PM

At

**Congregation AAA Sfard
1385 E 94th St, Brooklyn, NY 11236
(Bet. Avenue K & L)**

The Case for Collaboration and Community Engagement as Cornerstones for
Community Resilience Planning:

- **Building Community Disaster Resilience through Private–Public Collaboration**

PLENARY SESSION

- **Residents and experts break out into working groups to identify gaps in resilience and the top 5 solution sets.**
 - **Re-group and summarize lessons learned and what are the next steps in the Canarsie Recovery Cycle? How do we hold officials accountable for their actions on behalf of constituents? What can residents do to help themselves?**

*

- **Discussion of Pilot Project – Canarsie Natural Healing Center / Eco–village Community.**

*

The goal is to empower our community to collaborate and to build strong community based partnerships to find innovative ways to effectively respond to disasters, rebuild economically stable and resilient communities that are environmentally practical and sustainable

Participants: community residents, public & private enterprise, leaders in government and in non-government organizations (NGOs), business, foundations, civic, religious and academic institutions.

Light Refreshments available (Kosher). All Participants will receive a special gift.
